

Report on the fabric of the Church and its goods and ornaments.
April 2023

The Church Warden reports that the final inspection and payment have been completed for the chancel roof. I wish to record my thanks to Steve Hasler for his oversight of this project.

The quinquennial inspection took place in September 2022. The report was generally positive although the North aisle roof is likely to need replacement in the next 5 years. Otherwise, just general maintenance.

The inventory/ terrier has been completed and I can assure PCC that all items of value have been checked and all are present. The brass plaque from the North chapel has still to be replaced back.

An addition of a further card payment machine for the south porch door has been purchased and is in position.

Gill Caswell – Church Warden
