

## **Wardens' Report 2024 for St Mary's Church Saffron Walden**

Another busy year but made a lot easier by Simon joining Gill. We are ably supported by our 4 wonderful assistant Wardens. The role is very varied going between services are properly run to changing the toilet roll in the loo. And anything else ! We are responsible for the fabric of the building and the Terrier and inventory have been completed. This involves adding new items, checking all furniture is still in place, as well as no bells are missing!

We meet regularly with the Rector to discuss anything and everything to do with St Mary's.

We are available after most services for members of the congregation to speak to.

We would like to thank our assistant Wardens , members of the congregation and the Rector here at St Mary's for their tremendous support. Also the deputy Wardens at our daughter churches , St John's and St James's.

Gill Caswell Simon Potter
